Dear Mr. Liras, it has been a long time since Mr. Willoughby's case number: C.E. 91-10184 was closed. I'm feeling very guilty for all the lies I'd told the jury on May 1992. I know that Mr. Willoughby was surprised to have found his wife murder while he and his children were out sight seeing the town of Rocky Point. I want to confess just like I did here that I was the one who kill Mrs. Willoughby and why? because she didn't want to divorce Dan, the man whom I was very much in love and still love, I don't think is fair to have an innocent man behind bars

Thank you, and please forgive me for what I have done

Sincerely Yours,

Yesenia Patino Gonzalez

P.S I'm aware that what I'm saying I'm a 100% sure and under no pressure from no one, just my only conscious speaking
