ing committee and will meet shortly at the call of the new chairman. Specific projects and goals for the 1955 campaign will be set in detail at that time.

John H. Blackmon served as chairman last year which say the county seat attract one new industry, beautify town approaches, public buildings and grounds and make varied municipal improvements.

PAPER DOLL—The look of amazement on lovely Ruth Robert's face is explained by her press agent as surprise at the sad shape of the world these days. He adds that long-legged Ruthie, who wants to win the "Miss Photogenic Queen of Boston" title, is far from being in bad shape.

Move To Draft Ike Is Going Along Nicely

WASHINGTON (AP) — The draft Eisenhower movement is moving along nicely today but its operators are something considerably less than contented.

Some of them are fearful that even if the President runs and wins again in 1956, he may not bring a Republican Congress back to Washington. They call Mr. Eisenhower by far the strongest candidate the Republican Party could nominate.

There seems to be a double talk in the confidence expressed by many Republicans here that the President could defeat any Democratic presidential nominee presently in sight. That includes, of cours. Gov. Averell Harriman of New York. Sen. Estes Kefauver of Tennessee, Adlai E. Stevenson, the 1952 Democratic nominees, and the numerous field.

.TELEVISION APPEAL COUNTS

There is no doubt whatsoever that Mr. Eisenhower will be nominated unless he takes himself out of the contest in words of one syllable. Republican National Committee Chairman Leonard W. Hall touched on the party anxiety Tuesday in a talk before an assembly of Republican women leaders. His remarks boiled down to this: The GOP must come up with better congressional candidates capable of modern television campaigning if they are to oust Democrats from congressional control.

Sammy Walker Pulls Upset Over Savage

NEW YORK (AP)—Middleweight Sammy Walker of Springfield, Mass.—an "ugly duckling" of the prize ring—was the toast of cauliflower canyon today because of his magnificent upset victory over Milo Savage in their electryfying TV brawl at St. Nicholas Arena.

"What a man that Walker is!" declared Matcher Tex Sullivan. "And what a fight! It was one of greatest fights ever staged anywhere. I've got to have them back in a return bout on April 18 or 25."

Lanky Walker, the 29-year-old father of three children, who went into the ring a 5-1 underdog against 29-year-old Savage of Salt Lake City, Utah, said, "Sure I'll fight him again—or anybody else."

COMES OFF CANVAS

Slammin' Sam hit the deck twice Monday night for nine-counts, but he came up winging each time and carried the fight to stocky Milo with such persistance that he earned a split decision.

Savage, who suffered his 29th defeat in 69 fights, said today, "I thought I won last night. I'll make sure of it next time."

Savage, scaling 160 pounds to Walkers 156, floored Sammy with rights to the chin in the second and fifth rounds for counts of nine. But Walker continued to force the fighting with a bobbing-weaving attack that featured right uppercuts and left hooks at close quarters.

On a rounds basis, Referee Barney Felix favored Walker, 6-3-1, as did Judge Joe Eppy, 6-4. But Judge Ed Henry called the bout even on rounds, 4-4-2, and favored Savage on points, 8-5. The United Press favored Walker, 5-4-1.

Joe Declares Ike Stopped His Probe

WASHINGTON (AP) — Sen. Joseph R. McCarthy, renewing an old feud that sparked last year's Army-McCarthy hearings, charged today that high administration offical "successfully conspired" to stop his investigation of former Army Maj. Irving Peress.

He also asserted that President Eisenhower signed a "blackout offcals to talk about a Jan. 21, 1954 meetng. At the meeting, Mctime that Hall was convinced Mr. Eisenhower mould run again. The chairman has been devoting his own political skill to the problem of returning a Republican Congress. The President scorned a recent news conference suggestion that his preference for a late national nominating convention and a short campaign was a solid hint that he would be the party's 1956 candidate.

"Bosh," said the President. But it will take more than bosh to conceal the facts of Republican strategy. A late ronvention and a short campaign are tailored to measure for a renominated president.

PRESIDENT "BEST ADVERTISED"

After four years in the White House, a president is the best advertised man in the nation. He has a guaranteed attentive TV, radio and newspaper audience. A new man needs an earlier convention and a longer campaign to put across to the voters his charm, personality, policies and vote appeal. Those are the facts and they were well established by Franklin D. Roosevlit who always sought a short campaign as his stature in the nation grew and his Republican opponents sent relatively unknown opponents at him.

When Hall proposed and Mr. Eisenhower agreed to the late convention and shirt campaign, they either were aware of those facts or they were unbelievably ignorant of some of the fundamentals of presidential politics, which isn't likely.

The forces that brought about Mr. Eisenhower's nomination in 1952 are moving again. Examples: The plug by New York Republican State Chairman L. Judson Morehouse for 1956 renomination of the Eisenhower-Nixon ticket. Former Speaker Joseph W. Martin's repeated endorcement of Eisenhower for '56.

Former Gov. Thomas E. Dewey, of New Yorn, is a mere lawyer now, but he is also a smart politirian. Dewey has been at the White House telling the President face to face that it is ub to him to head the party ticket again in 1956.

IN RALEIGH

Mrs. Alsey Johnson, Mrs. Paul L. Strickland, Jr., Mrs. Hoover Adams, and Mrs. Gerald Mann spent Friday in Raleigh.

Carthy said, representatives of the White House, the Army and the Justice Department mapped plans to block hearings on the Peress case and "start an investigation of McCarthy.

McCarthy's charges came at the start of a new, Democratic - controlled investigation of the Army's handling of the Peress case. He urged the Senate Investigating Subcommittee to question the administration officials present at the 1954 meeting which figured prominently in the Army-McCarthy hearings.

Poisoning Granny Declared Insane

TULSA, Okla. (AP)—Authorities said today fat and jovial Nannie Doss probably will escape trial for the fatal poisoning of her four husbands.

The 49-year-old grandmother, suspected of killing nine relatives, has been in the Oklahoma mental hospital since Dec. 15, and Dr. F. M. Adams, superintendent, said she should be committed there permanently.

"It is our findings that Mrs. Doss is mentally defective with marked impairment of judgment and will power," Adams said. "It is our recommendation she be recommitted for care and treatment."

Adams' report said the chubby housewife was insane now and insane when she poisoned her latest husband. She i charged in Oklahoma only with murdering her latest husband, Sam Doss, in October. She said she sprinkled rat poison on his breakfast prunes.

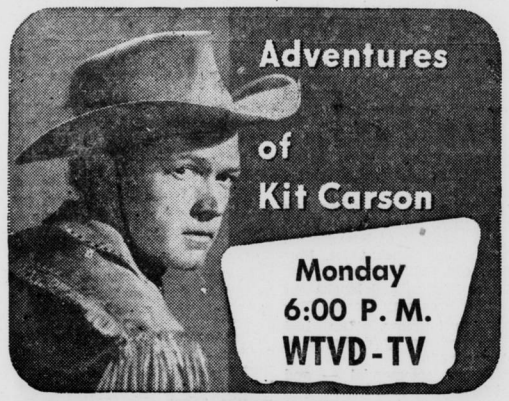

Prosecutor J. Howard Edmondson did not attack Adams' ruling of insanity, but said he nevertheless would seek a murder trial next month.

But Gordon Patton, her court-appointed attorney, said he would try immediately to get a sanity haring that would cancel her trial.
